List of challenges faced during initial months of employment:

1. Team coordination
2. Corporate culture,flows and processes
3. Actual development v/s coding in college
4. Communication skills for business
5. Practical implementation
6. Not having knowledge of UI and backend
7. Syllabus needs to cater to the latest trends in market like javascript,Django,Angular,React
8. Applying therotical concepts in real world projects

List of tools/technologies (other than what you had learnt during the degree course) used to meet current job requirements:

1	AWS	12	Devops
2	Acuse	13	Pcefocce
3	ServiceNow	14	C#
4	Terraform	15	RPA
5	GIT	16	Groovy
6	Angular	17	Azure
7	Cloud	18	.NET
8	React	19	JAVA
9	Jira	20	Machine learning
10	Salesforce		
11	Cyber Security		

List the reasons for willingness to recruit our institute's graduates:

1. I feel each engineering students is having skillset which fits everywhere.
2. College takes personality development programs.
3. Teachers transfer practical knowledge to enhance the skill
4. I see myself in themselves. They will surely have potential
5. Have interacted with them and have observed high skills in them.
6. Leadership and communication skill
9. Good quality Education
10. Graduates are overall developed in all skills.

Additional comments/suggestions that will help to improve the institute:

1. Please engage the students in more practical sessions so that they can learn more
2. Enhance increase logical thinking in students

Action plan for improvement

1. Department is motivating students to participate in Hackathon. online courses.

Action taken

1. Students have participated in Hackathons and online courses.

What challenges you faced during initial months of your employment?

The chaLLENGE OF BEING PROFESSIONAL AND SOLVING THE REAL WORLD PROBLEMS

Please specify tools/technologies (other than what you had learnt during the degree course) used by you to meet current job requirements

i CURRENTLY WORK AS A FULL STACK DEVELOPER WHERE I USE aNGULAR AS A FRONTEND FRAMEWORK AND ASP.NET AS A BACKEND FRAMEWORK AND ALSO USE AZURE DEVOPS FOR DAILY OPERATIONS TO COMMUNICATE AND RELEASE TASKS

Please provide any additional comments/suggestions that will help to improve the institute

THE INSTITUTE IS A GREAT PLACE FOR OVERALL DEVELOPMENT OF THE STUDENT , FOCUSING MORE ON PRACTICAL KNOWLEDGE RATHER THAN THEORY WOULD HELP MUCH BETTER ACCORDING TO MY OPINION

How would you like to contribute to the institute in future?

Internship

If you have a chance to recruit, will you prefer our institute's graduate? : YES

WHY :BECAUSE I FEEL OUR STUDENTS ARE MUCH HARDWORKING AS I TOO HAVE STRUGGLED AND RECEIVED THE POSITION I HAVE
